

Headset for iPod[®], iPhone[®] and iPad[™].

Easier control over music and calls.

HD 238i

 **SENNHEISER**

HD 238i

There is a growing trend for mid-sized headsets to be used not only at home but also while commuting; and this is where the HD 238i will stand out. That supra-aural and open model has a detailed sound reproduction. The new headset with remote unit enables you to control the latest generations of iPod, iPhone and the iPad.* No need to fumble with the player – simply push the buttons integrated in the cable to control the volume, play, pause, or skip tracks. Used on the latest iPhone models, the unit also serves as a headset to answer, end, or reject calls and activates the Voice Control.

- Smart remote with mic: enhanced usability for the latest models of iPod, iPhone and iPad.
- Premium metallic components and exchangeable earpads for superior performance and durability
- Advanced acoustic system with powerful neodymium magnets and special diaphragms for a lifelike stereo sound
